

ANNUAL REPORT 2014

TONGA FIRE & EMERGENCY SERVICES

Tonga Fire and Emergency Services

ANNUAL REPORT 2014

Presented to HM King George Tupou VI in accordance to section 51 of the Constitution of Tonga.

I hereby submit my Report on the operations and activities of the Tonga Fire and Emergency Services for the Fiscal Year 2014.

TFES Oath

"I solemnly swear before God and His Majesty King Tupou VI that I will righteously uphold the Constitution of Tonga and all Laws and Regulations which are currently or to be enforced in the future as a member of the Tonga Fire and Emergency Services. I pledge that I will serve the Government and the people of Tonga to the best of my ability and will strive to uphold the professional standards of the Tonga Fire and Emergency Services. I swear that I will not resign from Tonga Fire and Emergency Services unless in accordance with governing Laws and Regulations thereof"

Letter to Chairman of Parliament

1st July, 2015

Chairman of the Parliament
Lord Tu'ivakano
Parliament Office
Nuku'alofa
TONGA

Your Excellency,

Pursuant to section 51 of the Constitution Act of Tonga, it requires that the Minister for Police shall provide your Excellency with a report of the affairs of the Ministry of Police, Prisons & Fire Services for the previous year.

This document known as the Annual Report covers the operations and activities of the Tonga Fire and Emergency Service in detail for 2014.

Tonga Fire & Emergency Services is one of the many Services that I have the ministerial responsibility for. The Services was under the guidance of former Minister of Police, Prisons and Fire Services – Honourable Siosifa Tu'utafaiva for 2014. This is my first year being allocated such a portfolio and it has been an absolute pleasure to head such a hardworking Service to date.

I have the privilege in presenting Your Excellency the Annual Report of the Tonga Fire & Emergency Services 2014.

.....
Honourable Pohiva Tu'i'onetoa
Minister of Police, Prisons and Fire & Emergency Services

Letter to His Honourable Minister

Honourable Pohiva Tu'i'onetoa
Minister for Police, Prisons and Fire & Emergency Services

Your Honourable Minister,

It is my pleasure to present the Tonga Fire and Emergency Services (TFES) Annual Report 2014

2014 marked a year of major changes to the Services namely through the enactment of our new governing legislation – ***Tonga Fire and Emergency Services Act 2014***. This enactment by default resulted in a change of name from 'Tonga Fire Services' to Tonga Fire and Emergency Services. This new name is a testament of the direction in which the Services is heading and its service delivery to the Kingdom, Government and people of Tonga. It is highlighted that under Section 8(4) of the Tonga Fire and Emergency Services Act 2014, all members of the Services “shall be vested with all the powers and privileges of a police officer for the purposes of the Tonga Police Act”.

The establishment of a new specialised division – ‘Emergency Response Division’ was created and was put to the test with the natural disasters that affected our country in 2014. Notably, the Services introduced our very webpage for ease of reference of the community and our international partners.

Unfortunately, we lost our Fire Station situated at Pangai, Ha'apai during the Category 5 Tropical Cyclone Ian that caused havoc when it descended upon the Ha'apai Islands in January 2015.

However, I am proud to be the Fire and Emergency Commissioner of this Service and to work among dedicated firemen and woman. On behalf of all staff, I wish to acknowledge and appreciate the working relationship that we share with the Government of Tonga and the Government of South Australia. May we continue to work in unison for the benefit of people of Tonga.

Respectfully,

.....
Lofia 'i Vailahi Heimuli
Fire and Emergency Commissioner

Our Organisation

The Tonga Fire & Emergency Services (TFES) has been acknowledged for coordinating and carrying out proactive fire prevention and responding to fire and other emergency calls. We are committed to continuously improving the services that we provide to the community and the people in the Kingdom of Tonga. We aim to be recognised not just as an excellent emergency responder but also as an agency that reduces risks to the community that provides our people with the services they need, that is effectively managed and governed, and that provides excellent value.

The TFES Statement of Corporate Intent has been prepared and summarises the Services objectives for the period covered by the Corporate Plan. This new corporate plan of the Service – TFES is aligned with high level Government objectives including the TSDf II national outcome objectives. The TFES programmes and sub-programmes are designed to improve the functions and service delivery of the Service.

Currently there are a total of five (5) divisions which staffs operate under. They are:

- Administration & Corporate Services Division;
- Training and Development Division;
- Emergency Response Division;
- Community Safety Division; and
- Operations and Suppression Division.

In pursuant to the Corporate Plan 2015/2016 - 2017/2018 – these 5 divisions are broken down into four (4) sub-programmes for the purposes of operating its own budget for their expected project delivery.

The TFES primary purpose is to minimise the social, economic and environmental impact of fire and other emergencies in our community. This will be achieved through implementing strategies to develop community self-reliance to prevent and prepare for fires, supported by a timely and effective response to emergencies.

The TFES is also responsible for road accident rescue, natural disasters, managing incidents involving hazardous materials and undertaking urban search and rescue (USAR).

TFES Organisational Structure and Key Outputs

Our Aims

Our Annual Aim:

“Shaping our future together internally and externally”

Our Vision:

“A Safer and Happy Society”

Our vision is for a safer and happy society. We will contribute to this by working with the people to reduce deaths, injury and damage to property and the environment.

Our Mission:

“To Serve the Community”

We will achieve our vision by providing a modern Fire & Emergency Service by working with local communities, business and other agencies to reduce risks from fires and other emergencies. We will respond speedily and effectively to deal with fire and other emergencies and, if necessary, take calculated risks to save life and protect property and environment when the community depends on us to.

Our Values:

- Serving the communities of the Kingdom of Tonga;
- Being responsive to community needs; and
- Being progressive and delivering quality services

Professionalism:

- Dedication and pride in our organisation;
- Being skilled, efficient, committed and innovative;
- Using our collective capabilities to deliver and excellent service; and
- Being accountable for our actions.

Integrity:

- Being trustworthy and ethical;
- Treating each other fairly and honestly; and
- Having the courage to do the right thing

Corporate Objectives:

- To prevent fire and promote and coordinate fire safety;
- To suppress and extinguish fires;
- To render assistance when life and property are at risk from dangers other than fire;
- To provide a cost effective Fire & Emergency Service;
- To improve resource management;
- To plan the development of Fire & Emergency Services in the Kingdom of Tonga;
- To develop professionalism amongst all staff;
- To strive to be the most proficient Fire & Emergency Service as can be;
- To be a good employer; and
- To ensure that the income objectives are achieved.

Who are we?

TFES is all about the people – our staff and the communities that we serve. TFES members not only serve the community, they are part of the local community. Community expectations are high and our focus is on front line service delivery through all stations to all Fire districts.

All 110 Commissioned and non-Commissioned officers are dedicated to working towards delivering the most proficient service possible with the overarching objective of achieving our vision and mission statements.

We continue to sharpen our focus on the frontline through “shaping our future together externally and internally” as part of our service delivery philosophy. This has merged our focus from our limited facilities to our senior management team with this single purpose. This is to ensure alignment of the entire Service on the front line, whether they are suppressing fires or educating the communities and people across the whole Kingdom of Tonga.

The year 2014 presented many changes including the enactment of our principle legislation which will set the pathway for future developments.

With the solidification of emergencies in our service delivery, the Services established an Emergency Response Division (ERD) which is made up of staff with specialised technical skills that

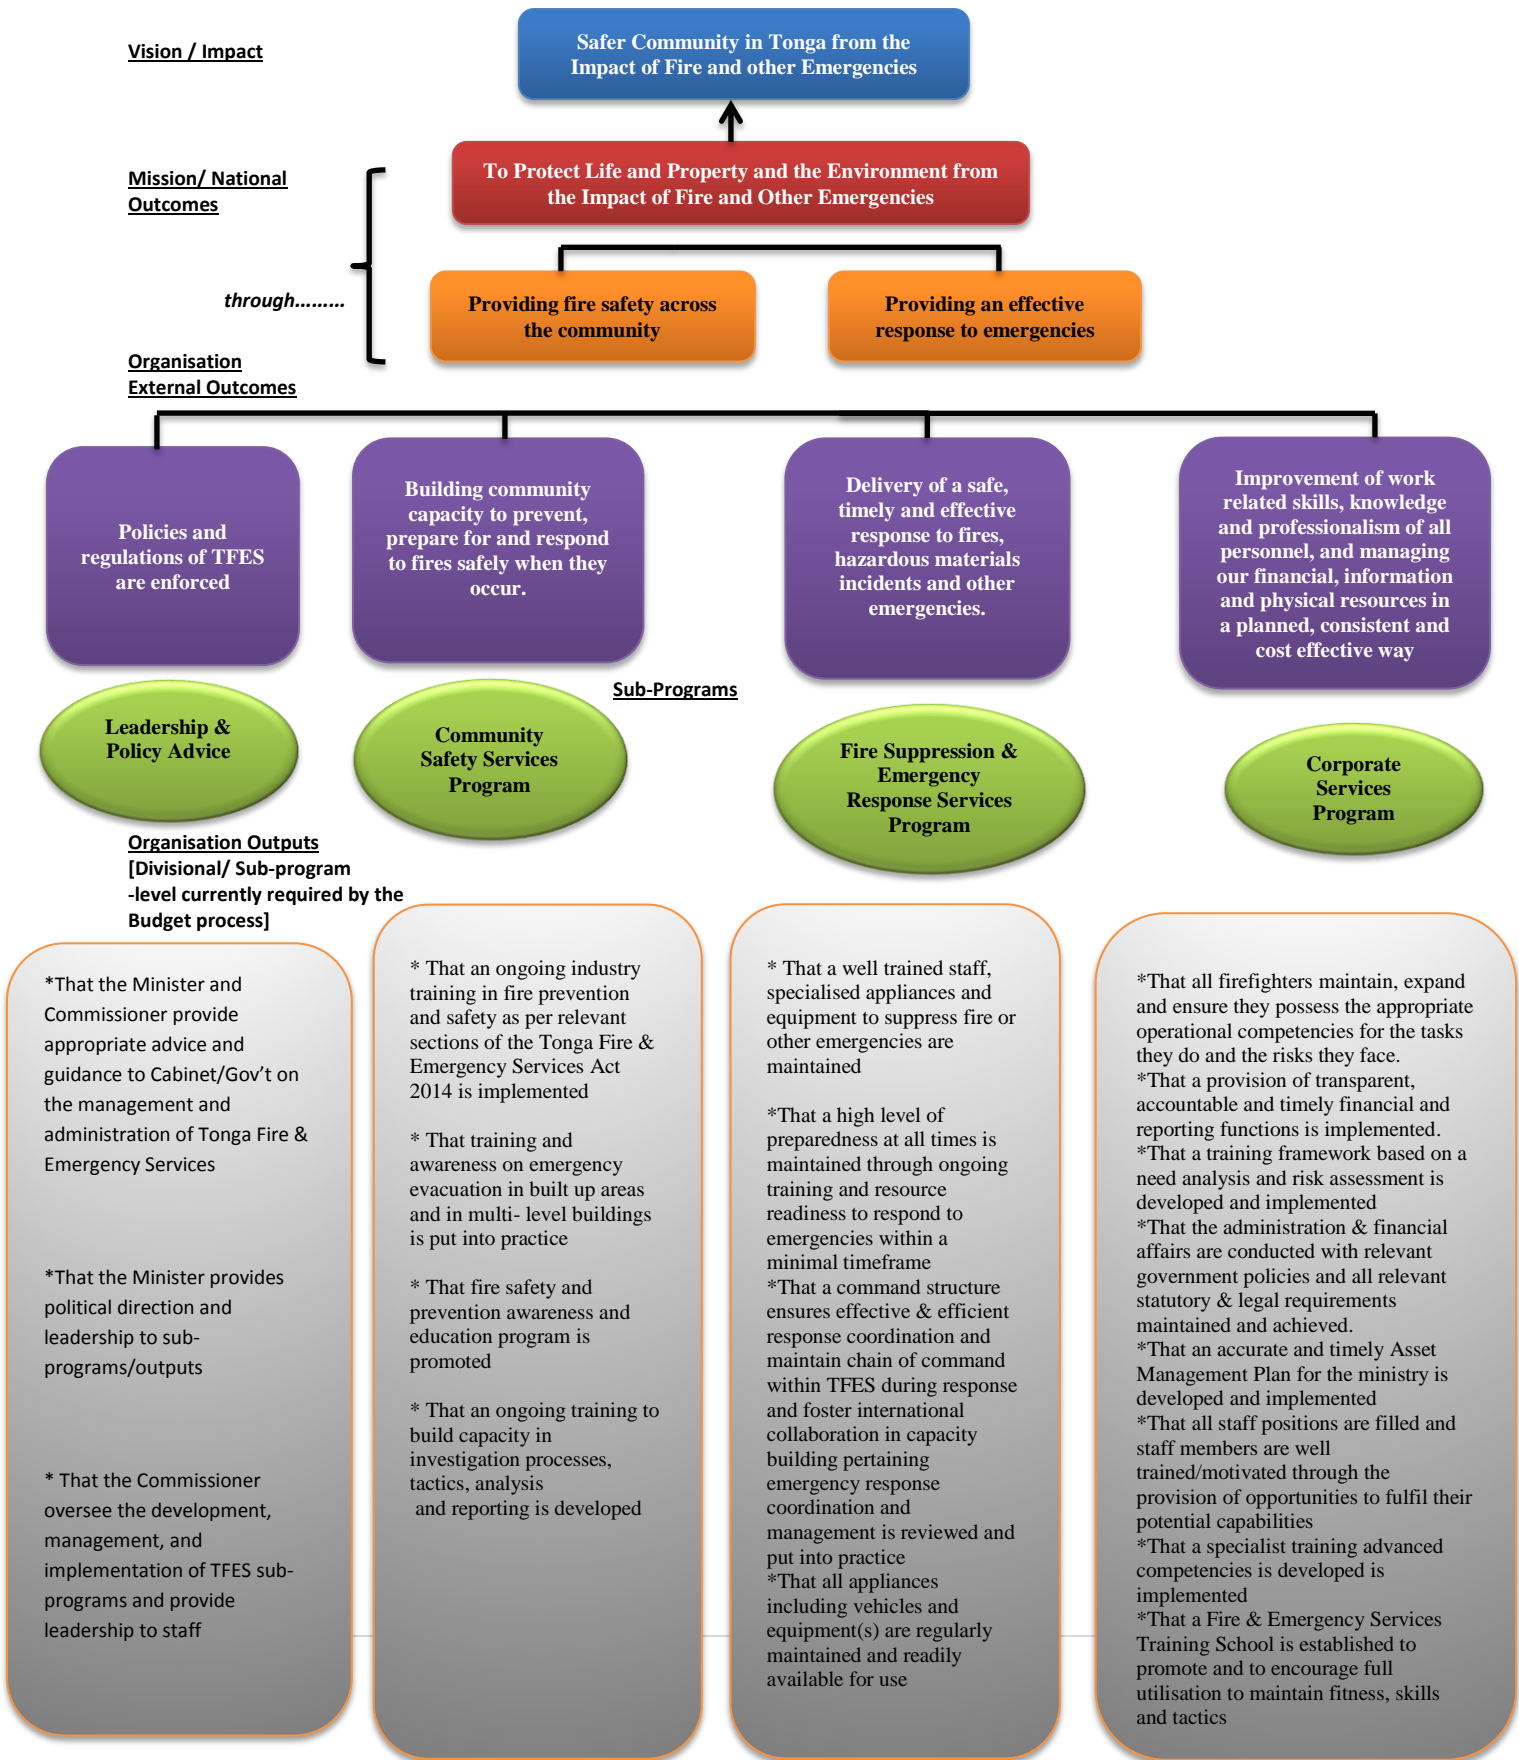

would be of assistance in times of an emergency response.

Although we have five (5) divisions, these have been allocated across 4 Sub – Programmes which is illustrated on the ‘TFES Strategic Map’. The Strategic Map indicates our aims and missions and what we as a Service strides to deliver.

We aim to work cohesively with other emergency responders to further improve our interoperability. To achieve this, we are striving towards a common doctrine across emergency responder agencies that also deal with emergency response.

A new era has begun for the Services. We are not going to stop here, but rather work on a foundation to improve with each New Financial Year and each new challenge that the year may bring. By working together with the Government and people of Tonga, we can be the best service that we can be.

TFES Strategic Map

The TFES organisation structure is based on the type of function performed, classification of personnel employed in each division and the overlapping geographic factors.

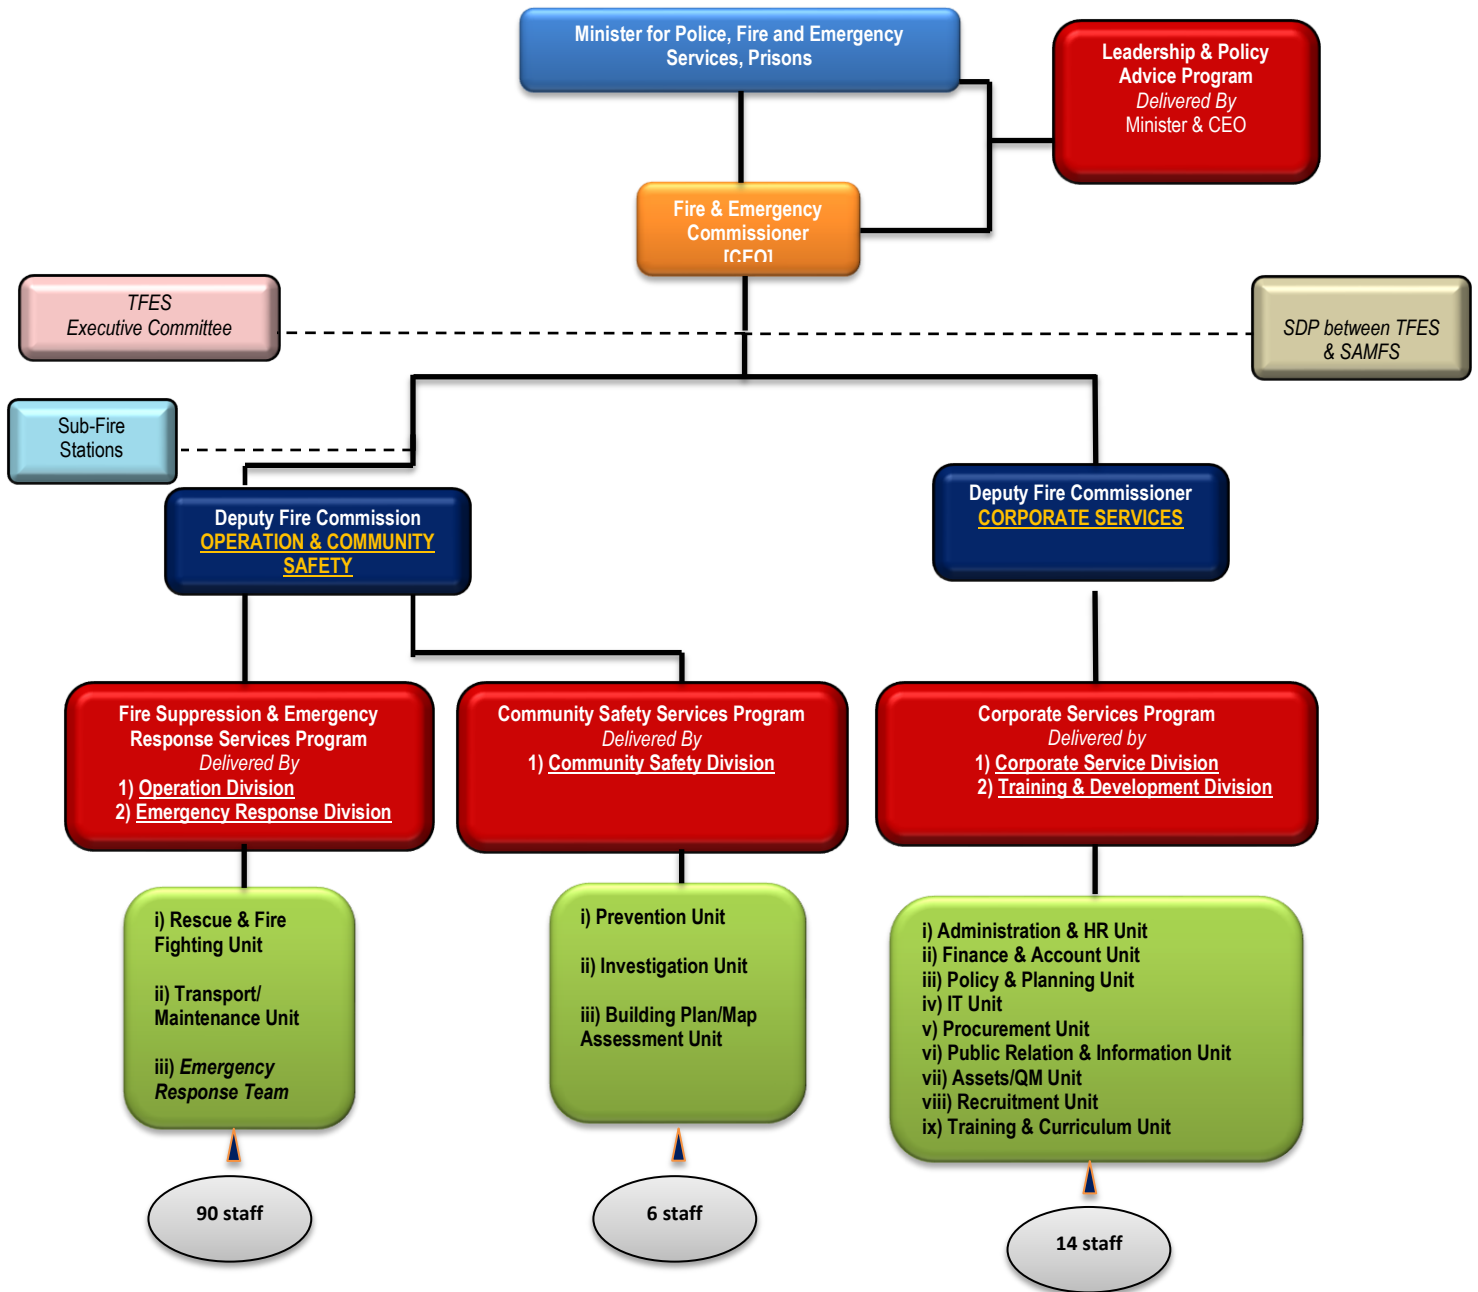

Ranks	Major Responsibilities
Minister for Police, Prisons, Fire Services	Overall Command
Fire Commissioner	Responsible for the general efficiency of the Fire Service
Deputy Fire Commissioner	Responsible for the general efficiency of the operational and administrative duties
Fire Commander	Commanding Officers of Divisions
Assistant Fire Commander	Officer In-Charge of Stations and Units
Fire Officer	Second Officer In-Charge of Divisions and Units
Senior, Principal, Leading, Fire Fighter and Recruit Fire Fighter	Perform divisions, stations and units daily routine duties

The executive administration of TFES is led by the Minister for Police, Fire & Emergency Services, and Prisons and supported by the Fire and Emergency Commissioner. They hold external and internal responsibilities linked to the performance indicators. Externally, the Service's Executive Officers are responsible for supervising and providing appropriate advice and guidance on management of the Services.

Within the Service, the Minister is responsible for providing leadership and political direction necessary for the delivery of the Ministry's programs and sub-programs. The Fire and Emergency Commissioner manages the administration, development, and implementation of the Service's sub-programs and provides necessary leadership to the staff.

At the divisional level, each program is managed by a Fire Commander (Officer Commanding) whose performances are measured by respective divisional outputs.

Organisational Structure

Administration and Statistics

Honourable Siosifa Tu'utafaiva served as Minister of Police, Prisons and Fire & Emergency Services for the year 2014. With the changing Government, **Honourable Dr. Pohiva Tu'i'onetoa** was allocated the ministerial responsibility from 2015.

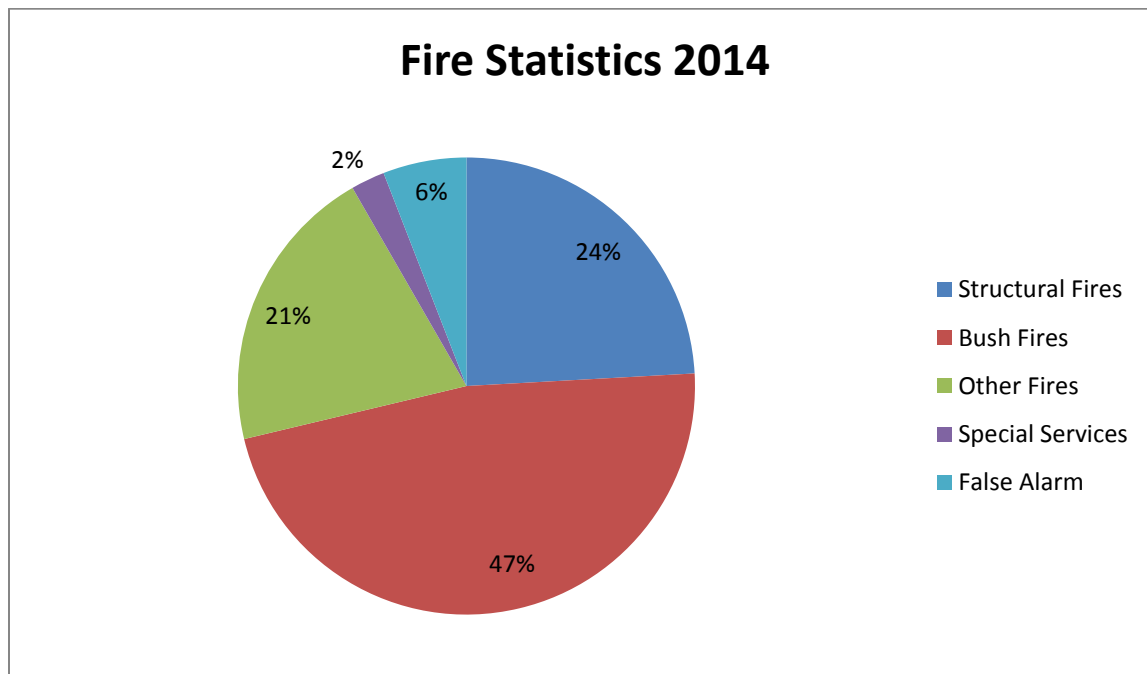

Fire and Emergency Commissioner, Heimuli, L is second in command and administrated the Service and had the responsibility for the general efficiency and daily operations throughout the year.

Promotions, Resignations, Variations of Contract 2014

In 2014, the Services had several internal promotions resulting from resignations, dismissals and the restructuring of a new division – Emergency Response Division.

Promotions:

The Cabinet approved (CD No. 597, dated 14th August 2014) the promotion of the following staff member:

To Fire Commander

- 1- Assistant Fire Commander 10. HUNI, Viliami Ma'u

To Assistant Fire Commander

- 1- Fire Officer 16. LAVAKA, Sione and Fire Officer 18. TANGINOA, Viliami.

To Fire Officer

- 1- Senior Fire Fighter 26. VEIKOSO, Sione;
- 2- Senior Fire Fighter 28 VAIHU, Sinele; and
- 3- Senior Fire Fighter 30 FINAU, Kelekolio.

To Senior Fire Fighter

- 1- Principle Fire Fighter 36. LAMA, Lolo;
- 2- Principle Fire Fighter 43 FAKATOKA, Timote;
- 3- Principle Fire Fighter 44 TEUMOHEGA, Taniela; and
- 4- Principle Fire Fighter 39, VEA, Sidney.

To Principal Fire Fighter

- 1- Leading Fire Fighter 46. KATOA, Tevita;

- 2- Leading Fire Fighter 50. LAUTAIMI, Sione;
- 3- Leading Fire Fighter 48. MASALU, Vilisoni;
- 4- Leading Fire Fighter 47. FETU'U, Piuteli; and
- 5- Leading Fire Fighter 52. FUNGALEI, Alovivili.

To Leading Fire Fighter

- 1- Fire Fighter 59. PAONGO, Tevita;
- 2- Fire Fighter 66. TUKUAFU, Saimone;
- 3- Fire Fighter 71. FIA, Kifi,
- 4- Fire Fighter 60. FINAU, 'Onani; and
- 5- Fire Fighter 62. FA'UHIVA, Ponifasio.

Resignations:

The following resignations were received and accepted by Cabinet:

1. CD No. 73, dated 14th February 2014 – Fire Fighter 91. TAKAU, 'Aloisio;
2. CD No. 469, dated 11th July 2014 – Fire Fighter 102. FUNAKI, Tepola; and
3. CD No. 969, Fire Fighter 83. FETU'U, Folau 'i Vaiola, dated 21st November 2014

Variation of Contract of Employment:

The following Variation was accepted by Cabinet:

1. CD No. 1032, dated 5th December 2014– Fire & Emergency Commissioner 1. Heimuli, Lofia-'i-Vailahi contract of employment is extended for another 4 years from 4th March 2015 on the same terms and conditions.

Staff Movements

A total of 11 administration and operational staffs were transferred within fire stations (FS) and divisions. Staff movements during the year are detailed below:

<u>Date</u>	<u>Name</u>	<u>Station/ Division (From)</u>	<u>Station/ Division (To)</u>
26/06/14	FF Palu	Operation (FS5)	Operation (FS4)
31/07/14	LFF Fili	Operation (FS1)	Operation (FS3)
20/11/14	LFF Fili	Operation (FS3)	Operation (FS1)
24/12/14	FF Palu	Operation (FS4)	Operation (FS5)

Conferences and Trainings

The following Conferences and Training Courses were attended by TFES throughout the year.

Overseas Courses and Trainings:

- 1) **Cadet Officer 94 VAIHU, Roman** attended the United Nations Disaster Assessment and Coordination (UNDAC) Induction Course held at Sentul, Indonesia from 4th to 16th May 2014.

- 2) **Fire Commander 06 KAUVAKA, Sinamoni, Fire Officer 24 NAITOKO, Fotu'a'ika, Senior Fire Fighter 34 LIMONI, Laumanu and Senior Fire Fighter 35 FAKA'I, Lisimoni** attended a Training and Development Course at the South Australia Metropolitan Fire Services – Adelaide from 14th – 27th May 2014.

- 3) **Deputy Fire Commissioner 03 TU'IMALAMAKA, Viliami**, attended the Comprehensive Crisis Management Course held by the Asia Pacific Centre of Security Studies at Hawai'i, United States of America from 28th May to 3rd July 2014.

- 4) **Fire Commissioner 01 HEIMULI, Lofia-'i-Vailahi** attended the Australasian Fire Authorities Council Conference held at Wellington, New Zealand from 2nd – 5th September 2014.

- 5) **Cadet Officer 94 VAIHU, Roman** attended the Chemical, Biological, Radiological, Nuclear and Explosives (CBRNE) – First Responders Course held by the Malaysian Technical Cooperation Programme at Kuala Lumpur, Malaysia from September 22nd to 26th 2014.

Executive Planning Meeting (EPM) – Pacific Island Emergency Management Association (PIEMA)

The Tonga Fire and Emergency Services successfully hosted the 2014 EPM on 10th and 11th April 2014 at the Liku'alofa Beach Resort.

Delegates in attendance were:

- Mrs Jill Edwards – Secretariat of PIEMA from AFAC;
- Mr Anthony Blake – Liaison of PIEMA from SPC;
- Mr Mark Reid – Liaison of PIEMA from CFA;
- Mr Nga Jessie – Vice President of PIEMA from Cook Island Fire and Rescue;
- Mr Tipaula Laupu'e- Vice President of PIEMA from Samoa Fire & Emergency Services Authority;
- Mr Esau Maman – Representative from Papua New Guinea Fire Services and also representing the Chairperson of PIEMA;
- Mr Lofia Heimuli – General member of PIEMA from Tonga Fire and Emergency Services; and
- Mr Viliami Tu'ihalamaka – General member of PIEMA from Tonga Fire and Emergency Services.

The primary reason for the meeting is for the Executive Committee to meet and discuss issues and items that would feature in the PIEMA AFM that is co-runs with the AFAC meeting held in June 2014 in Wellington, New Zealand.

The delegates were treated to fine hospitality during their visit here to Tonga and thoroughly enjoyed their time. The Honourable Siosifa Tu'utafaiva had the honour of presiding over this event and was also in attendance during the EPM. Mr Leveni Aho – CEO of the National Emergency Management Office was present to deliberate on the working relationship that NEMO and TFES share.

EPM held in Tonga laid a great foundation for the PIEMA AGM.

Delegates in attendance at the EPM held at Liku'alofa Resort April 10th – 11th 2014

Tonga Fire and Emergency Services Act 2014

Since the Tonga Fire Services was established, the Services were governed by the Tonga Fire Service Act 1978. The Act covered the administrative and operational process of the Services that was efficient at the time.

Most notably, this era was when the Tonga Fire Services was still amalgamated and under the administration of Tonga Police. Since the two Services parted administrative and financial systems in 2010, there was a need to revise the 1978 Act as it was not adaptable with the changing times.

Tongan Society was rapidly changing; more international training opportunities were readily available for staff; and more technical emergency responses required a more solid framework to support the operations. The 1978 Act seemed to be outdated and non-applicable to the changing tides.

Since 2012, the Services began drafting a new Bill – Tonga Fire and Emergency Services Bill in association with Murdoch Law Firm from Sydney, Australia. Furthermore, South Australia Metropolitan Fire Services (SAMFS) and local stakeholders were involved through consultations concerning the proposed changes to the legislation.

In October 2014, the Bill was presented for the first time in-front of the Law Committee. Once approval from the Law Committee were satisfied, Parliament of the day heard the Bill and subsequently through Cabinet Decision No.931 dated 14th November 2014, *“Cabinet approves and declares the Tonga Fire & Emergency Services Act 2014 come into force with effective from date of Cabinet Decision”*

The Act now provides a wider spectrum of Service delivery and a clearer foundation of powers to enact internal and external policies. Such was missing from the previous Act in which the Services relied on Tonga Police policies to fill in the gaps that were missing. However, the Act now confers greater powers and allows the Services to be more effective in its development looking into the foreseeable future.

Acknowledgements are considered for everyone that was involved in this historical milestone.

Operational Activities

Tonga Fire & Emergency Services responded to a total of 406 emergency incidents during the year which is an increase by 88 incidents (27.7%) compared to the previous year.

These are categorised by the type of emergency incidents as shown below:

Comparison of Fire & Other Incidents

Fiscal Year	2012			2013			2014		
Total No. of Fire and Other Incidents	234			319			406		
Type of Incident	Structural Fire	57	24.3%	Structural Fire	69	22%	Structural Fire	98	24.6%
	Bush Fire	92	39.3%	Bush Fire	120	48%	Bush Fire	193	47.1%
	Other Fire	58	24.7%	Other Fire	86	20%	Other Fire	83	20.3%
	Special Services	2	0.85%	Special Services	6	2%	Special Services	6	1.4%
	False Alarm	25	10.6%	False Alarm	38	7%	False Alarm	28	6.6%
Incidents by Districts	Tongatapu	203	86.7	Tongatapu	283	88.7%	Tongatapu	369	91.5%
	Vava'u	16	6.8%	Vava'u	12	3.7%	Vava'u	12	2.9%
	Ha'apai	13	5.5%	Ha'apai	13	4.07%	Ha'apai	10	2.4%
	'Eua	2	0.85%	'Eua	11	3.4%	'Eua	15	3.7%

Structural Fires: Of the total emergency incidents, 98 were for structural fires which are an increase of 42% from the previous year. Structural fires include residential, commercial and industrial fires.

Bush Fire: A total of 193 calls for assistance for bush fires were responded to by the Services throughout the Kingdom of Tonga. Statistically speaking, 47.1% of all responses were attributed to bush fires which are nearly half of all calls. Interestingly, this is a 60% increase in comparison to the previous year. This may be attributed to the El Nino effect that the Kingdom of Tonga experienced during much of 2014.

Other Fires: These other fires cover fires attributed to rubbish heaps, electricity origins etc. A slight decrease of 83 fire calls when compared to the previous of 86 fire calls.

Special Services: There was a total of 6 special call outs responded to the Services. This was the same of the previous year.

False Alarm: False alarm calls are classified as those of that are directly reported and been found later to be false. This includes electronic smoke alarm detection systems which through the process of ill maintenance are activated and the Services responds. The statistics show a 26% decrease in comparison to the previous year.

Fire & Other Incidents Responded by Fire Stations 2014

Comparison of Fire Incidents per year

As the statistics indicates, the Services were very busy responding to fire calls across the nation in 2014. The weather pattern of El Nino were prevalent and is most likely the most contributing factor to the record high number of bush fires responses. The dryness of the land, air and wind meant that bush fires were generally spread in a fast manner and most times uncontrollable. Structural Fires shall be noted recording a record high in response to structural fires.

Despite the record high numbers of responses to fire incidents, the Operations and Suppression division were also busy in the community conducting safety drills with the relevant stakeholders.

Emergency Response

After being established on September 4th 2013, the Emergency Response Division was thrust into action throughout much of 2014 in their maiden year.

1) Tropical Cyclone Ian.

Category 5, Tropical Cyclone Ian descended upon the Ha'apai Islands on the eve of January 11th 2014 causing widespread havoc and displacing thousands of local residents of Ha'apai.

The Emergency Response Team was dispatched on January 12th 2014 from Tongatapu to aid in the recovery and relief to the people of Ha'apai. Upon arrival, the team settled in got straight into work by supporting other Emergency Response and Relief agencies on the ground.

The presence of the Emergency Response Team was well noted amongst the people of Ha'apai in which they were acknowledged numerous times.

On February 12th 2014, after one month of service to the people of Ha'apai, the Emergency Response team returned to Tongatapu to resume duty as normal.

2) Flood mitigation at Tongataeapa area.

From March to April 2014, Tongatapu experienced major rainfall. As a result, the Tongataeapa/Kolomotu'a area experienced flooding. This is a low laying area and so the floods dampened homes making this area inaccessible to the residents of the area.

In collaboration with the National Emergency Management Office (NEMO), the Emergency Response Team together with NEMO set up Flood Mitigation Operations to the area by transporting the excess water to the nearest sea.

Pumps and hoses (extending several hundred metres) were set up transporting all excess water from the area to the water front at Sopa coast line.

3) Water Delivery to the people of Ha'apai

El Nino affected much of the Kingdom bringing a very dry season leaving many residents with empty rain water tanks. This meant that a drought was looming.

The people of Ha'apai pleaded to NEMO for assistance as many of the tanks across the Ha'apai Islands were empty. In collaboration with NEMO, the Emergency Response Team were deployed to the Ha'apai Islands in December 2014 to deliver drinking water

from Tongatapu to Ha'apai and once in Ha'apai, deliver water to water tanks both residential and town tanks.

All together a total of 70,000litres of water was delivered to the people of Ha'apai.

Community Safety

The Community Safety Division is our outreach Division that prides itself in delivery fire prevention messages through their various programmes to the community. These programmes comprises of:

- Lectures;
- Demonstrations;
- Evacuation exercises;
- Television and radio programmes
- Community visits;
- Rural visits; and
- School visits.

Fire Safety TV Programme

Fire Safety Inspection

Inspections to businesses and industrial premises are one of the key functions of the Community Safety Unit. A total of 284 inspections were carried out which is an increase from 194 of the previous year. The statistics for inspections is dependent on business and industrial premises requesting inspections including the outer islands.

A total of 199 maps including both commercial and private buildings were submitted to Tonga Fire & Emergency Services for fire safety examination prior to being issued a building permit in pursuant to the Building Code.

In collaboration with Town officers and Religious leaders in the Community, the Division was able to successfully deliver Fire Safety posters to be stuck in the main Town and Church Halls.

The graph below shows a summary of the activities completed by the Community Safety Division for 2014.

Problems affecting the Service

The following have been identified as areas that affect the delivery of our Services. They are but not limited to:

- Insufficient manpower;
- Lack of reticulated water or physical water supplies for firefighting purposes in small villages;
- Lack of functioning water hydrants across the Nuku'alofa region;
- Delayed reporting of fires from fire scene;
- Lack of street names for easy identification of the fire scene;
- Lack of technical gadgets for when calls for assistance are made;
- Remoteness of over villages from Fire Stations;
- Lack of firefighting equipment which includes hoses;
- Insufficient funds allocated by the Government for the effective administration and operation of the Services;
- Lack of vehicles for daily administrative operations;
- Lack of awareness of emergency number despite effective community programmes;
- Lack of building infrastructure available for Services; and
- Lack of Training facilities and equipment for Fire Fighters

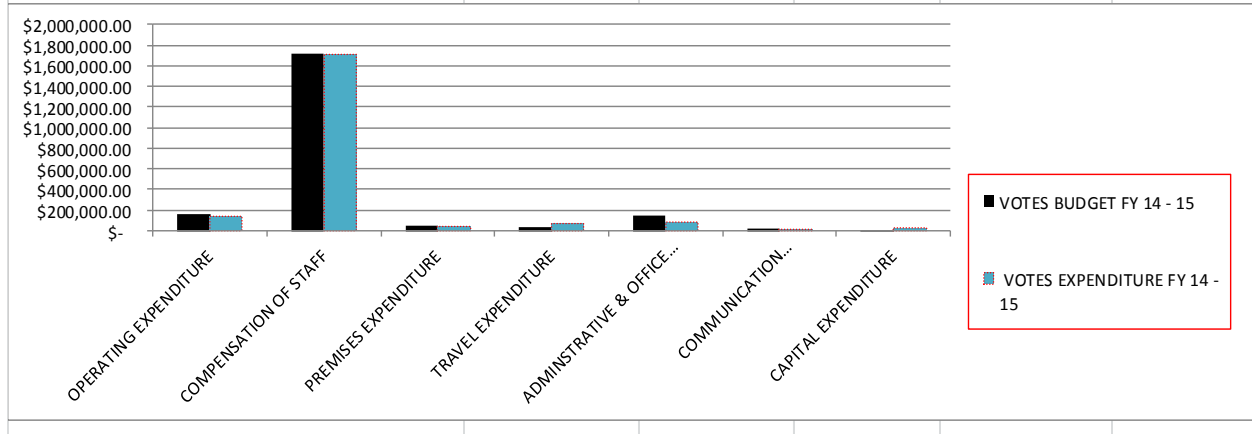

Financial Reports

The following Financial Reports covers the reporting period ending Financial Year 2014/2015.

STATEMENT OF EXPENDITURE FOR YEAR ENDED FY 14 - 15					
			\$	\$	\$
Approval Budget for Operating Expenses for Year Ended 30th June 2015					\$ 2,131,824.09

Conclusion

One of the major milestones of the Services for 2014 was the enactment of the Act – Tonga Fire & Emergency Services 2014. This legislation was aimed at producing gap fillers that the Services journeyed together with since the old Act became dated. Special mention and thanks to all the Staff and stakeholders who were involved in this process for all their patience.

The newly established Emergency Response Division was immediately put to the test throughout its maiden year. Despite the obstacles, I am very proud that this new Division fulfilled the vision and the direction in which the Services are heading. All year I have received positive feedback from the communities.

El Nino descended upon the nation for much of 2014. This meant that droughts, dry lands and vegetation made it easier for the spread of fire especially in the tax allotments. This El Nino presented two challenges: 1) the increase in bush fires; and 2) fire appliances were used to deliver drinking water across the Kingdom. Despite this, I am very proud that the Services were able to rise to occasion and met these heavy demands.

In general the Fire Statistics were on the increase in comparison to previous years and despite our best intentions and efforts to educate the general public about Fire safety awareness and prevention – we still cannot prevent fires from occurring. However, we are nonetheless still dedicated to spread fire awareness and prevention techniques.

Despite the many problems affecting the Services, I am never short of being surprised by the dedicated men and women that strive to deliver the most competent service while at the same time appreciating the limited resources that the Services has to operate.

I take this opportunity to thank our stakeholders and other Government departments for the working relationship throughout 2014. Many things were made possible due to our interoperability. Special acknowledgment is due to the Government of South Australia and SAMFS for all their positive contributions for the development of the Service.

Thank you to the former Minister – Honourable Siosifa Tu'utafaiva for his support and guidance during 2014.

Apologies are sought for any shortfalls on behalf of the Services.

.....
Lofia-'I-Vailahi Heimuli
Fire Commissioner

Appendix

The following is a table showing all fire and other emergency calls made by the people of Tonga in 2014

S/No	Types of Incident	Location	Date/Time Reported	Owner/Occupier	Probable Cause	Properties Involved	Estimated Loss
1	Special Service	Fatumu	01/01/14 1013Hrs	Sosefo Latu (m) 26yrs	Careless Driving	Vehicle J1772 partly damage	\$4500
